## REPORT

**Name of the Programme:** "Intramurals-Tennikoit"

**Date of Event:** 15-06-2024.

Principal Dr.D. Sathis Kumar told that Tennikoit, also known as ring tennis, is a fast-paced and exciting sport that is often played in schools and colleges across India. It involves throwing a rubber ring over a net, much like in tennis, but it requires sharp reflexes, quick movement, and excellent hand-eye coordination. This game may seem simple, but it builds **fitness, agility, and concentration**. It is a wonderful way to promote physical health while also developing sportsmanship and discipline among students. A total of 24 students from B.Pharm were participated and the National Chess Day celebrations ended in a grand success.

Principal Dr.D. Sathis Kumar told that Running is more than just a sport. It is a test of **endurance, willpower, and mental strength**. Whether you're sprinting short distances or running long marathons, it pushes your limits and helps you discover your true potential. It keeps the body fit, strengthens the heart, sharpens the mind, and even relieves stress. In fact, running teaches us one of life's greatest lessons: **Keep moving forward, no matter how hard it gets.** A total of 25 students were participated and the Intramurals Running celebrations ended in a grand success.

## REPORT

**Name of the Programme:** "Kabaddi Tournament"

**Date of Event:** 12-11-2024.

Principal Dr.D. Sathis Kumar told that Kabaddi is a game that combines **strength, strategy, speed, and teamwork**. It may look simple — one player enters the opponent's side, tagging players while holding their breath and chanting "Kabaddi, Kabaddi" — but it takes great skill, courage, and focus. What makes Kabaddi special is that it doesn't require expensive equipment. Just a ground, a team, and the spirit to play. It teaches us **discipline, quick thinking, coordination**, and above all **team spirit**.

## REPORT

**Name of the Programme:** "Intramurals- Volleyball"

**Date of Event:** 15-11-2024.

Principal Dr.D. Sathis Kumar said that Sports and Games give relaxation to the mind, promote activeness and freshness, build health and add exercise to the body. Playing games and sports is essential to the students as their mind is exhausted with continuous academic activities. Keeping a session in the academic time table creates interest to the students and students' weekly participation in various games and sports acts as rehearsals for the competitions. A total of 31 students were participated and the National Chess Day celebrations ended in a grand success.

## REPORT

**Name of the Programme:** "Intramurals Kho Kho-2024"

**Date of Event:** 04-12-2024.

Principal Dr.D. Sathis Kumar told Kho-Kho is not just a game; it is a display of **speed, strategy, teamwork, and sharp reflexes**. Played on a simple field without the need for expensive equipment, this sport teaches us how to think fast, act faster, and work together as one team. What makes Kho-Kho unique is its rhythm — the way players chase and dodge with perfect coordination. It builds **agility, stamina, and discipline**, all while being great fun. A total of 34 students were participated and the Intramurals Kho Kho-2024 event ended in a grand success.
